**Subject:** M6H1 Harvey: Final Clarification Regarding H&S Training 213RR's

Be advised, the 2 H&S related 213RR's you submitted to provide both an 8 hour Hazwoper Refresher class as well as a 1st aid/CPR class for responders are being denied for funding under the FEMA Hurricane Harvey Mission Assignment (MA). Should 6MD want to continue to offer these important training opportunities, funding would need to be provided via Regional Support in lieu of using the MA. Both 213's will be closed, as appropriate, in our 213RR log. If any questions, please let me know.

Greg/Adam - please close these out in the log. Thanks.

Subject: Received a 213 RR 8 hour HAZWOPER refresher ?

I received a 213RR to fund an 8 hour refresher course next week for individuals who may be deploying to field in response to Hurricane. Wanted to see if there was another funding mechanism as this benefits the regional programs beyond the Mission Assignment. We have not processed the 213 RR, thus the course is currently not funded through the Mission Assignment.

Please call me so we can discuss this further. Monica
